- Chronic disease management, e.g., Diabetes mellitus

Dr. Nina M. Junker

Associate Professor in Work & Organizational Psychology at the University of Oslo

eMail: n.m.junker@psykologi.uio.no

Integrating work and nonwork roles

- Friendship at work
- Micro-role transitions from
  - The work role to the family role and vice versa, e.g., How to reduce work-family conflict and increase work-family enrichment (i.e., benefitting from participation in multiple roles)
  - A follower role to a leader role and vice versa
- ruminating about work/family events while being in the other role – how to stop the process? And why does this help? (e.g., physical activity; mindfulness...)

Possibility to write a Master thesis in combination with a research internship in beautiful Oslo ☺ best time would be for someone/several of you starting in August/September

Dr. Stefanie Marx-Fleck

eMail: s.marx@psych.uni-frankfurt.de
Office: 5G.030

Defensive decision making

- Antecedents and consequences with their underlying mechanisms
- Countermeasures of defensive decision making

Uncertainty at work

- Different types of uncertainty
- Antecedents and consequences of uncertainty
- Measures to reduce uncertainty (e.g., trust)

Leadership

- Empowering leadership
- Adverse consequences of "good" leadership

M.Sc. Svenja Frenzel

Telefon: +49(0) 69 - 79835283
eMail: frenzel@psych.uni-frankfurt.de
Office: 5G.031

Social Identity & Health

- Social identity and well-being
- Social cure mechanisms

Chronic disease management

- Psychosocial aspects of Diabetes mellitus
- Social cure in diabetes management

Available for thesis supervision in the following project:

Conspiracy Theories

- Political leadership and acceptance of conspiracy theories

Experimental study in which we manipulate identity leadership in a fictional scenario.

Examining the manipulation effects on conspiracy mentality, trust in the leader, and shared identification.

M.Sc. Kira Bibic

eMail: bibic@psych.uni-frankfurt.de
Office: 5G.014
